

We celebrate March 25th as the “Day of The Unborn Child,” and to share equally the observance of the traditional feast day of the Incarnation honoring Christ’s conception which is currently named “The Feast of the Annunciation.” This date falls nine months before the most celebrated birth in Western civilization, known throughout the world as Christmas. The March 25th memorial is also the symbolic interval of a full-term pregnancy and reminds us of the reality and dignity of life beginning at conception. The Knights of Columbus is committed to protecting all human life from conception until natural death and we accomplish this through our actions, some of them include education and prayer. For all of us the Rosary plays a key role in our responsibility as members of the Knights of Columbus. Our councils have a perfect opportunity again this year on the upcoming Feast of the Annunciation to help our brothers & sisters in Christ realize the significance of this important feast day. After Mass, initiate a Rosary prayer service with intentions for the unborn and for our government, that our leaders will have a change of heart and return this country to a culture of life.

All councils planning to hold a Rosary prayer service after Mass on the Feast of The Annunciation may first want to post a notice in their parish bulletins the weekend prior to this feast day so parishioners can plan to attend this Rosary service.
